HOBBIES

EXPERIENCE

REMOTE WEB DEVELOPER

May 2020 to present | Linuxjobber, inc

– Maryland, USA

Key contributor to company's fast evolution from selling one niche product to offering a full solutions suite catering for tech training, job creation, and work experience simulation program.

- Led development of robust version upgrade of the company's Work Experience simulation platform. Engineered software release for speed, automated and improved the user experience.
- Perform daily checks and overall maintenance of the company's website – <https://linuxjobber.com>
- Company's trainee Instructor

SOFTWARE DEVELOPMENT INTERNSHIP

Sept 2020 | Engineering Career Expo, UNILAG

– Lagos, NG

Collaborated in a team-focused environment providing software solutions to diverse local problems in the country.

- Helped build and enhance highly available, scalable, real-time and secure certification systems used by all interns after the program.
- Completed eight major projects, working closely with agile development team to develop, test and maintain Web- and desktop-based software applications.
- Adhered to high-quality development standards while delivering solutions on-time and on-budget.

AUTO REPAIR AND MAINTENANCE TRAINEE

Aug 2019 – Jan 2020 | Road Truckers Nigeria Limited

– Lagos, NG

Actively participated in the six months student industrial training focused at helping me complement my theoretical knowledge from school with necessary practical knowledge from the industry. During the period in the company, I helped with Auto-diagnosing, car servicing, Automobile engine maintenance, auto-parts repair and replacement, calibration and testing.
